

I leave you free to be yourself
I leave you free to be yourself
I leave you free

To behave as you see fit
Do whatever you want
Chase your dreams at any cost

You rock my world, baby
You rock my world

Control your life
Control your own time
I trust in the flow

I leave you free to be yourself
I leave you free to be yourself
I leave you free

Free to change your mind
Free to take your time
Free to choose your own way

You rock my world, baby
You rock my world

Let's cultivate creativity
Fostering authenticity
Preserving all our liberty
And individuality

I leave you free to be yourself
I leave you free to be yourself
I leave your free
